

## DIY Retail Landscape Design

**What it is:** DIY Retail Landscape Design provides professional landscape design assistance for retail customers in small **residential planting areas of 350 square feet or less.**

**Cost: Tier 1:** \$175 fee (up to 200 sq.ft.) **Tier 2:** \$250 fee (up to 350 sq.ft.)

### **What to expect:**

- Professional landscape design assistance through email and phone contact.
- A list of recommended plant materials and pricing.
- Detailed design of your space (see picture below)
- \$75 voucher towards retail purchase

### **What the customer must provide:**

- Exact dimensions of the planting area. If any existing structures or plants are staying, be sure to note their size and position within the area.
- Sun conditions
- Soil conditions
- Identify which direction is North
- Current pictures of the planting area
- Preferred plant materials, color, style, etc. if any.
- Full street address, Email address and phone number

### **When is the DIY Landscape Design not appropriate:**

- Larger areas are to be designed (*over 350 sq. ft.*)
- Hardscape designs are desired
- Grading / drainage work is needed
- A third party will be purchasing plants

### **Terms & Conditions:**

- *No consultation fee applied if the project converts to installation services*
- *Design and voucher provided once completed*
- Minimum of \$250 purchase to redeem voucher
